

## ATA Drive Cage & Enclosure Manufacturers

*This is a list of drive cage and hot swap chassis manufacturers compiled by 3ware. This list does not represent recommendation or endorsement from 3ware, as 3ware has not tested and certified these companies' products. Please contact the manufacturers directly for information regarding power, cooling and compatibility for your specific applications. If you manufacture drive cages and hot swap enclosures for Parallel or Serial ATA and are interested in being part of this list, please send an e-mail to [enclosures@3ware.com](mailto:enclosures@3ware.com).*
